In 2011 Trevor made a career transition from racing cars to the ultra-competitive world of Superbike racing and in four short years has been able to accomplish what takes most a lifetime in the sport. Claiming 2 national pole positions in his rookie season and winning the Canadian national AM superbike championship in style with 6 podium positions in 6 races in his sophomore effort, Trevor made an immediate impact as a new driving force at the highest levels of the sport in the country.

In 2013 Trevor moved into the elite class of Pro superbike where he dominated all pro rookies by claiming 3 "pro rookie of the race" awards and trips to the Pirelli super pole in all 6 national rounds. Capturing his first professional race win in the middle of the 2014 season, was just one of many exciting highlights which inevitably lead to Trevor capturing second place overall in the Canadian Superbike championship.

In 2015, Trevor is excited to build off last season's success to fight for race wins and has his sights on only one goal, being crowned champion!
